REACH-IN REFRIGERATORS

GN 2/1; 18”x26”

Series
IAG 700/1400

CHARACTERISTICS

**Structure**
AISI 430 stainless steel, except doors and control panel, which are made of AISI 304 stainless steel.
Galvanized steel back.
Totally injected compact structure.
Height adjustable stainless steel legs.

**Lighting**
LED lighting incorporated, reducing energetic consumption between 80% and 90% compared to a traditional light bulb.

**Universal Slide**

**MOD.**

Commercial Back-Bar

TECHNICAL CHARACTERISTICS

Structure
Black plastic coated PVC exterior.
Integrated door locks.
Grey plastic coated PVC interior.
Sliding doors (C).
Doors with double pane glass (6-10-4).

Refrigeration
Temperature and defrost regulated by a digital controller.
Ventilated condensation system.
Forced evaporation system.
Evaporative tray.
**Blast chillers & shock freezers**

**Characteristics**

**Structure**

- **AISI 304** stainless steel top exterior.
- Interior with curved angles and floors, with removable trolley structure.
- Integrated handle doors and pivoting hinge with stay open mechanism.
- Heated door frame to avoid ice accumulation.

**Control**

The new “easy blast chiller” controller is easier to use.

Infrico usa
Limited warranty

Infrico USA [further on stated as “Infrico”] warrants to the original purchaser of every new Infrico refrigerated unit, the cabinet and all parts thereof, to be free from defects in material or workmanship, under normal and proper use and maintenance service as specific by Infrico and upon proper installation and start-up in accordance with the instruction packet supplied with each Infrico unit. Infrico’s obligation under this warranty is limited to the following conditions upon each date of invoice:

Parts ........................................... One (1) year
Labor ............................................. One (1) year
Compressor .................................... Five (5) years

All parts covered under this specific above stated warranty that are determined as failures by Infrico, are limited to the repair or replacement, including labor charges of defective parts or assemblies.

Warranty claim procedure

All claims for labor or parts must be made directly through Infrico. All claims should include model number of the unit, the serial number of the cabinet, proof of purchase, date of installation, and all pertinent information supporting the existence of the alleged defect.

Based on the reported case, Infrico will program the service attention either by sending an authorized technician to the place indicated by the Customer in order to solve the situation or will send the necessary spare parts for its repair.

This contract does not apply outside the limits of the USA and CANADA. Nor does it apply to any part which has been subject to misuse, neglect, alteration, accident or to any damage caused by transportation, flood, fire, or the acts of god. This contract is not effective unless the INFRICO Warranty Claim Card, furnished to the distributor, is properly filled out and mailed to HYPERLINK “mailto:service@infrico.com” service@infrico.com within 24 HOURS from the date of delivery. The term “Original Purchaser” as used herein shall be deemed to refer to that person, firm, association, or company for whom the refrigeration unit refers to herein is originally installed.

What is not covered by this warranty

Infrico’s sole obligation under this warranty is limited to either repair or replacement of parts, subject to the additional limitations below. This warranty neither assumes nor authorizes any person to assume obligations other than those expressly covered by this warranty.

No consequential damages: Infrico is not responsible for economic loss; profit loss or special indirect or consequential damages, including without limitation, losses or damages arising from food or product spoilage claims whether or not on account of refrigeration failure.

Warranty is not transferable: This warranty is not assignable and applies only in favor of the original purchaser/user to whom delivered. Any such assignment or transfer shall void the warranties herein made and shall void all warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose.

Improper use: Infrico assumes no liability for parts or labor coverage for component failure or other damages resulting from improper usage or installation or failure to clean and/or maintain product as set forth in the warranty packet provided with the unit.

Alteration, neglect, abuse, misuse, accident, damage during transit or installation, fire, flood, acts of God: Infrico is not responsible for the repair or replacement of any parts that Infrico determines have been subjected after the date of manufacture to alteration, neglect, abuse, misuse, accident, damage during transit or installation, fire, flood, act of God or improper electrical connections. Infrico is not responsible for the repair or replacement of failed or damaged components resulting from electrical power failure, the use of extension cords, low voltage, or voltage drops to the unit. Infrico is not responsible for replacement resulting glass condensation upper humidity percentage catalogue indicated.

No implied warranty of merchantability or fitness for a particular purpose: There aren’t any other warranties expressed, implied or statutory, except the warranties as described above. These warranties are exclusive and in lieu of all other warranties, including implied warranty and merchantability or fitness for a particular purpose. There are no warranties which extend beyond the description on the face hereof.

Outside USA & CANADA: This warranty does not apply to, and INFRICO is not responsible for, any warranty claims made on products sold or used outside the United States of America and Canada.
